POWERFUL PERFORMANCE

GLORY i-AUTO performance is perfected with a 1.5L Turbocharged engine and a new generation of powerful CVT transmission to pass through all terrain.

EURO4 COMPLIANCE

GLORY i-AUTO has passed the EURO-2 emission standard test by the Indonesian government, and meets the EURO-4 standard.

1.5L Turbocharged Engine

A turbo-powered engine provides more power with a lower engine speed.

CVT New Generation

The new generation CVT transmission provides more power with efficient use of fuel thus providing a smooth driving experience.

SMART SAFETY & SECURITY

GLORY i-AUTO is equipped with various security and safety features that give a complete peace of mind in each of your rides.

ESP (Electric Stability Program)

ESP which includes: ABS (Anti-lock Braking System), EBD (Electronic Brake-force Distribution) and EBA (Emergency Brake Assist) provide more security during braking, even on a sudden one.

Hill Hold Control

Maintain the position of the vehicle in an uphill condition so that it does not move backwards when transitioning from the brake pedal to the gas pedal.

Alarm System

System that prevents theft by making a warning sound when an unknown access is identified.

Immobilizer

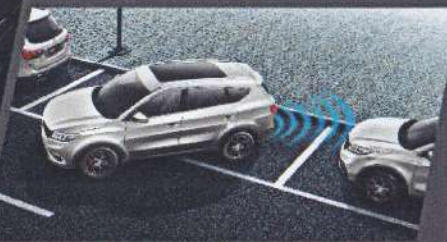

Prevent the ignition of the vehicle by using a duplicate or fake key.

4 Airbags

360° Surround View Camera (Intelligent Type)

Rear Parking Sensor
